

To Hire or To Be Hired? That is the Question and CCD Has the Answers!

Looking to Hire?

If you are an alum looking to hire talent for either internships or permanent open job positions within your organization, our Center for Career Development makes it easy to hire Manhattan students or fellow alumni/ae using [Handshake](#).

Handshake is the primary on-campus recruiting platform our alums and students use to find jobs and internship opportunities. Please visit Handshake to register and request a connection with [Manhattan University](#). As an Employer partner, you can then [post jobs](#), [request employer hosted events](#), [reserve on campus interviews](#), and [register for career fairs](#) on Handshake.

Looking to be Hired?

Alumni jobseekers can join [Handshake](#) using their manhattan.edu email address. If you do not have your school email or need other assistance signing up, you can reach out to careerdevelopment@manhattan.edu. Handshake offers jobs posted specifically for Manhattan University alumni, as well as a broad job search function with access to numerous non-Jasper-specific job postings. You can sign up to receive automatic alerts for new job postings that meet your preferences. Additionally, Handshake offers other resources such as articles on career trends.

Of note, the CCD's **Spring Career Fair on Tuesday, February 18, 2025 from 12:00pm - 4:00pm** is open exclusively to Manhattan alums (and current students) seeking employment. The Fair will be held at Kelly Student Commons. To initiate your registration, please email careerdevelopment@manhattan.edu with your name, class year, date of birth and ID number (if available). All majors are welcome. Whether seeking or hiring, we also encourage alumni/ae to join the [Jasper Career Network](#), a platform that facilitates alums connecting and networking with each other.
